PROFESSIONAL SUMMARY

Results-driven Full-Stack / Senior Frontend Developer with 3.7+ years of experience building responsive, high-performance web applications. Skilled in React.js, Next.js, TypeScript, Node.js, and Strapi CMS. Strong focus on performance optimization, scalable SPA architecture, SEO, and clean UI/UX. Experienced with REST APIs, CI/CD pipelines, version control (Git), and Agile/Scrum collaboration. Proven ability to lead frontend initiatives and deliver scalable digital solutions for startups and enterprise environments.

TECHNICAL SKILLS

Frontend: React.js, Next.js (SSR, SSG, ISR), TypeScript, JavaScript (ES6+), jQuery, Context API, Hooks, HTML5, CSS3, Tailwind CSS, SCSS/Sass, Framer Motion, GSAP, Material UI, Bootstrap, Storybook, React Testing Library

Backend & CMS: Node.js, Strapi CMS, NextAuth, Firebase, Supabase, REST APIs, API Integration

Testing: React Testing Library, Jest, Unit Testing, Integration Testing

CI/CD & DevOps: Git, GitHub, GitLab, CI/CD Pipelines, Vercel, Netlify

Tools & Platforms: VS Code, Figma, Webflow, Postman, npm, Webpack

Architecture: SPA Architecture, Component-Based Architecture, MVC, Responsive Design, Performance Optimization, SEO Optimization, WCAG Accessibility, Agile, Scrum

AI & Vibe Coding: ChatGPT, Claude, GitHub Copilot, Gemini, Cursor, v0.dev, RAG, Prompt Engineering, and AI-assisted scaffolding for rapid component development, test generation, and boilerplate automation; all AI outputs reviewed and validated before production.

Other: Team Management, Product Management, Project Coordination, Code Review, Requirement Gathering

PROFESSIONAL EXPERIENCE

Ather Energy | Frontend Developer Mar 2023 – Present

- Led end-to-end development of Ather's digital ecosystem; delivered 15+ high-performance, SEO-optimized pages using Next.js, React.js, TypeScript, and Strapi CMS with scalable component architecture.
- Revamped key customer interaction flows with enhanced UX and content design — driving ~21% yearly growth in clicks, 10% in impressions, and 45–60% annual rise in lead conversions over 3 years.
- Integrated Strapi CMS, optimized REST APIs, and improved performance, reducing page load times and boosting site stability.
- Built reusable React component library with Storybook documentation, improving UI consistency and development speed by 30%.
- Resolved 20%+ client-reported bugs and reviewed PRs, reducing issue volume by 20% and improving fix turnaround by 50%.
- Implemented responsive design, performance optimization, and SEO best practices across all pages.

4Monks Consulting | Senior Frontend Developer Feb 2023 – Present

- Delivered and contributed to 20+ national and international projects using Next.js, React.js, TypeScript, Sass, JavaScript, and jQuery.
- Managed client communication, requirements gathering, and delivery timelines — ensuring on-time, high-quality project completion.
- Created reusable components and optimized codebase, improving scalability and cutting development time by 25%.
- Recognized with "THE CATALYST – Best Leadership Award" (2024) for driving project success through technical precision and proactive leadership.

Permissionless | Junior Frontend Developer Nov 2022 – Feb 2023

- Developed responsive, animated UIs using React.js, GSAP, and Framer Motion for web applications and a freelancing platform, enhancing interactivity and performance.
- Contributed to 10+ projects, building reusable TypeScript components and delivering pixel-perfect, maintainable UIs.

KEY PROJECTS

Ather Digital Experience — atherenergy.com

Multi-page responsive platform built with Next.js, React.js, TypeScript, and Strapi CMS. Implemented fluid animations, CMS-driven content, and SEO optimizations — directly contributing to 45–60% annual growth in lead conversions.

KGen Gaming — kgen.io

Modern gaming website built with Next.js, React.js, and GSAP animations. Focused on performance optimization, responsive design, and dynamic user interaction.

My Portfolio — nitinkanhurkar.dev

Built with Next.js, TypeScript, Tailwind CSS, and Supabase. Features interactive blogs and code snippets powered by MDX, with sections for Projects, Blogs, Snippets, About, and Contact.

SweetShorty — sweetshorty.vercel.app

URL shortener with Bitly API integration delivering trackable short links and QR codes. Built and shipped within 4 weeks.

EDUCATION

Bachelor of Engineering

Savitribai Phule Pune University, Pune | 2021 | CGPA: 8.97 / 10

AWARDS & RECOGNITION

THE CATALYST – Best Leadership Award | 4Monks Consulting, 2024

Recognized for delivering pixel-perfect frontend solutions and driving project success through innovation, technical precision, and proactive leadership. "For being the driving force behind 4Monks Consulting's success."
